This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

PERIODICALS

Of this Catalogue Part 2 (Periodicals), Part 3 (Music), Part 4 (Engravings), will be issued monthly hereafter, instead of weekly. Part 1 (Books), will be issued every week as heretofore.
The weekly issue of the Numbers of Parts 2, 3, and 4 necessitated search through several short alphabets in order to locate any given title. To avoid this inconvenience, it has been suggested that they be published monthly, so that a search through a year of the Catalogue will require the examination of only 12 indexes, instead of 52 as formerly.
The last weekly issue of Part 2 (Periodicals) was on October 25, 1906. The first monthly issue is under date of November 15, 1906.

Arranged alphabetically by titles.

To save space the copyright notice after each title is abbreviated. Thus the notice after the first title, if printed in full, would read: "Copyright by New England railway publishing company, Boston, Mass. Class B, XXc, no. 106147, Dec. 6, 1905; 2 copies received Oct. 1, 1906."

PERIODICALS

Arranged alphabetically by titles.

Of this Catalogue Part 2 (Periodicals), Part 3 (Music), Part 4 (Engravings), will be issued monthly hereafter, instead of weekly. Part 1 (Books), will be issued every week as heretofore.
The weekly issue of the Numbers of Parts 2, 3, and 4 necessitated search through several short alphabets in order to locate any given title. To avoid this inconvenience, it has been suggested that they be published monthly, so that a search through a year of the Catalogue will require the examination of only 12 indexes, instead of 52 as formerly.
The last weekly issue of Part 2 (Periodicals) was on October 25, 1906. The first monthly issue is under date of November 15, 1906.
To save space the copyright notice after each title is abbreviated. Thus the notice after the first title if printed in full, would read: "Copyright by New England railway publishing company, Boston Mass. Class B, XXc, no. 106152, Nov. 5, 1905; 2 copies received Nov. 5, 1906."

PERIODICALS

Arranged alphabetically by titles.

Of this Catalogue Part 2 (Periodicals), Part 3 (Music), Part 4 (Engravings), will be issued monthly hereafter, instead of weekly. Part 1 (Books), will be issued every week as heretofore.
The weekly issue of the Numbers of Parts 2, 3, and 4 necessitated search through several short alphabets in order to locate any given title. To avoid this inconvenience, it has been suggested that they be published monthly, so that a search through a year of the Catalogue will require the examination of only 12 indexes, instead of 52 as formerly.
The last weekly issue of Part 2 (Periodicals) was on October 25, 1906. The first monthly issue is under date of November 15, 1906.
To save space the copyright notice after each title is abbreviated. Thus the notice after the first title if printed in full, would read: "Copyright by New England railway publishing company, Boston, Mass. Class B, XXc, nos. 106156-106159, Dec. 6, 1906; 2 copies received Dec. 3-24, 1906."

PERIODICALS

Arranged alphabetically by titles.

Of this Catalogue Part 2 (Periodicals), Part 3 (Music), Part 4 (Engravings), will be issued monthly hereafter, instead of weekly. Part 1 (Books), will be issued every week as heretofore.
The weekly issue of the Numbers of Parts 2, 3, and 4 necessitated search through several short alphabets in order to locate any given title. To avoid this inconvenience, it has been suggested that they be published monthly, so that a search through a year of the Catalogue will require the examination of only 12 indexes, instead of 52 as formerly.
The last weekly issue of Part 2 (Periodicals) was on October 25, 1906. The first monthly issue is under date of November 15, 1906.
To save space the copyright notice after each title is abbreviated. Thus the notice after the first title, if printed in full, would read: "Copyright by New England railway publishing company, Boston, Mass. Class B, XXc, no. 129232, Dec. 6, 1906; 2 copies received Dec. 31, 1906."

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52 as formerly.

To save space the copyright notice after each title is abbreviated. Thus the notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, nos. 129237, Dec. 6, 1906; 2 copies received Feb. 5, 1907."

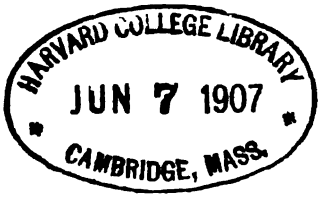
NEW SERIES, VOLUME 2

Nos. 14–17

APRIL, 1907

WASHINGTON
GOVERNMENT PRINTING OFFICE
1907



From the

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated; the statement as to the receipt of copies is always omitted when copies are received on same day as date of entry. The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 129284, Dec. 6, 1906; 2 copies received March 14, 1907."

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated; the statement as to the receipt of copies is always omitted when copies are received on same day as date of entry. The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 129245, Dec. 6, 1906; 2 copies received Apr. 1, 1907."

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated; the statement as to the receipt of copies is always omitted when copies are received on same day as date of entry. The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 129250, Dec. 6, 1906; 2 copies received May 6, 1907."

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated; the statement as to the receipt of copies is always omitted when copies are received on same day as date of entry. The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 129254, Dec. 6, 1906; 2 copies received June 3, 1907.

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated; the statement as to the receipt of copies is always omitted when copies are received on same day as date of entry. The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 129245, Dec. 6, 1906; 2 copies received Apr. 1, 1907."

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated; the statement as to the receipt of copies is always omitted when copies are received on same day as date of entry. The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 129287, Dec. 6, 1906; 2 copies received Sept. 3, 1907.

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated; the statement as to the receipt of copies is always omitted when copies are received on same day as date of entry. The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 129267, Dec. 6, 1906; 2 copies received Sept. 16, 1907."

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated; the statement as to the receipt of copies is always omitted when copies are received on same day as date of entry. The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 129272, Dec. 6, 1906; 2 copies received Oct. 7, 1907.

PERIODICALS

Arranged alphabetically by titles.

The Catalogue of Copyright Entries appears each week. As the weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical, it has been suggested to avoid this inconvenience that the alphabet of periodicals shall include all the titles entered during each month, instead of each week, so that a search for any periodical through a year would require an examination of only 12 indexes instead of 52, as formerly.

To save space the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 129276, Dec. 6, 1906; 2 copies received Nov. 4, 1907."
